Processing of personal data

This page describes how to manage the site in relation to the processing of personal data of users who interact with web services on this website of Tesi Elettronica and Sistemi Informativi SPA.

The information is provided only for this site and not for other websites that may be consulted by the user via links.

According to the art. 13 of the EU Reg. 2016/679 (GDPR), the undersigned, as Data Controller, informs you that the personal data acquired will be processed in respect of the rights of fundamental freedoms, as well as the dignity of the data subject, with particular reference to confidentiality and personal identity and the right to protection of personal data.

According to the art. 13 of the aforementioned Regulation, therefore, we provide the following information:

Navigation data

The computer systems and software procedures used to operate this website acquire, during their normal operation, some personal data whose transmission is implicit in the use of Internet communication protocols.

This information is not collected to be associated with identified interested parties, but by their very nature could, through processing and association with data held by third parties, allow users to be identified.

This category of data includes the IP addresses or domain names of the computers used by users connecting to the site, the URI (Uniform Resource Identifier) addresses of the requested resources, the time of the request, the method used to submit the request to the server, the size of the file obtained in response, the numeric code indicating the status of the response given by the server (success, error, etc.) and other parameters relating to the operating system and the user's IT environment.

These data are used only to obtain anonymous statistical information on the use of the site and to check its correct functioning and are deleted immediately after processing. The data could be used to ascertain responsibility in case of hypothetical computer crimes against the site.

Data provided voluntarily by the user

The optional, explicit and voluntary sending of electronic mail to the addresses indicated on this site entails the subsequent acquisition of the sender's address, necessary to respond to requests, as well as any other personal data included in the message.

Specific summary information will be progressively reported or displayed on the site pages set up for particular services on request.

The personal data will be processed exclusively for purposes connected and / or instrumental to the consultation of the site, excluding, therefore, any different and / or conflicting use with those of the "Interested".

The processing of information concerning you will be based on principles of correctness, lawfulness, transparency and protection of confidentiality and will be processed and stored using IT tools and in paper form for the time strictly necessary to achieve the purposes for which they were collected.

Specific security measures are observed to prevent the loss of data, illicit or incorrect use and unauthorized access.

The provision of data is optional, however, the refusal to provide personal data relevant to the purpose of collection will not make it possible to obtain what is requested.

The processing operations connected to the web services of this site take place at the offices of Tesi Elettronica and Sistemi Informativi SPA and are handled by our data processors and hosting providers.

In any case, your personal data will not be disclosed without specific consent.
